INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Eden Directory since 1958), present to subscribers and the general public, this, the 1970 edition of the Eden City Directory. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 City, County, State, and National Directories).

Confidence in the growth of Eden's industry, population and wealth, and in the advancement of their civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Eden to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Eden Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments

The five major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Eden, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Eden, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

V. THE RURAL ROUTES DIRECTORY is the fifth major department, printed on white paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site, and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Eden.

The Eden Out-of-Town City Directory Library

Through the courtesy of the publishers of the Eden City Directory, a Directory Library is maintained in the offices of the Eden Chamber Of Commerce, for free reference by the general public. This is one of more than 800 Directory Libraries installed in cities and towns throughout the United States, Canada, and Puerto Rico through the courtesy of your Publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HISTORICAL SKETCH OF THE "WONDERFUL LAND OF EDEN"

The present City of Eden was previously known as the Tri-Cities of Rockingham County, formerly the Towns of Leaksville, Spray and Draper. Leaksville was incorporated in 1874; Draper in 1949, and Spray in 1951.

It was on September 12, 1967 that the voters of the three municipalities, namely Leaksville, Spray, Draper and residents of an un-incorporated area between the three towns, voted to consolidate the entire area into one City known as Eden, thus making the new City the largest City in Rockingham County, and the 23rd largest in the State of North Carolina.

The section making up the new City lies in a very historic area. It was in this section that Colonel William Byrd, the famous Virginian visited in 1728, when he led the commission running the dividing line between Virginia and Carolina. It was in 1733, that he received his grant of twenty thousand acres, which he referred to in his diary as the "Wonderful Land of Eden," and further stating that it was the most beautiful section of country he had ever seen. Later in 1743, he added an additional six thousand acres to his original tract of twenty thousand. All of Spray and Draper, and much of Leaksville, lies within the confines of the original Byrd's tract. When Leaksville's radio station, the first in Rockingham County, went on the air in December, 1946, the call letters, with perfect propriety, were W L O E, representing the "Wonderful Land of Eden."

Leaksville, the oldest of the triplets, making up The City of Eden, was one of the oldest towns in the county. Some years prior to 1797, John Leak had received from Robert Gallaway, a large land owner, a

Morehead High School Auditorium

tract of one hundred acres of land on the north side of the Dan River near the point where the Smith River (formerly the Irvin) runs into the Dan. By reason of the beauty and healthfulness of the location, Leak decided to promote a town here and had sold a number of lots. In 1797, the Legislative Body of the State passed an act authorizing him to lay off a

Central Elementary School

town site on his tract according to the plans drawn by a board of commissioners named for Leak. Two streets running East and West, Washington and Jay, and three running North and South, Patrick, Henry and Hamilton were laid out, and on these streets lots were sold and the town grew up.

Southern National Bank

The first business houses, as well as residences, were erected on Henry Street near the river where the Karastan Rug Mill and Bedspread Mill now stand. At the terminal of this street was a boat landing where the Batteauxs, which plied the Dan River, would tie up to take on cargo.

In 1812, with the creation of the Roanoke Navigation Company, boats began to ply the river from Weldon, North Carolina, up to Roanoke River to the Dan, thence up that stream to Leaksville, which became the head of navigation. This created a great boom in the town and a rapid growth. It became the trading center of a great section, extending to and across the Blue Ridge Mountains into Virginia.

Produce from this section, accumulated by the merchants, was conveyed from here down the river and the songs of the boatmen, as they poled the long batteaux, heavily laden with tobacco, and other products along the Dan, were familiar sounds.

Around 1818, a great building boom had started here, a large bank was established, a branch of the state bank, and lots were sold for almost fabulous prices. In a few years, the boom collapsed and a more substantial growth began.

In 1819, an academy was opened at Leaksville and later a school for girls was conducted. In later years, Nathaniel Henry, a son of America's great orator and patriot Patrick Henry, conducted the Academy for males. In 1846, Patrick Henry III was head of the school. In that year he closed the school, formed a company, and as captain of it, went to Mexico with a North Carolina regiment. Other noted teachers conducted the school here, the best known being Professor N. S. Smith, and B. W. Ray.

In 1813, James Barnett had erected the largest grist mill in this part of North Carolina, at a point on Smith River, where is now the bank building at Spray. He also operated a saw mill, oil mill and cotton gin, and a large store there. He sold his interest, including a large tract of land and valuable water power to John M. Morehead, and in 1839, Morehead built Leaksville Cotton Mill. In later years Morehead became Gov-

Home Savings

Leaksville Bank & Trust Co.

ernor of North Carolina, and one of the South's most distinguished statesmen and outstanding financiers. After his death his family continued to expand the textile interest here, establishing the Leaksville Woolen Mill in the early seventies and conducting the largest mercantile establishment in the county.

At Spray in 1890, Major J. Turner Morehead promoted the Wilson Aluminum Company, that never made any aluminum instead, by accident, discovered how to produce carbide, which, when put in water, generated acetylene gas. From this discovery, the American Carbide Company originated and became one of the largest and greatest corporations in the world.

In 1892, under the leadership of the late B. Frank Mebane, a marvelous expansion began, and for several years a new cotton and woolen mill was promoted each year, all the available water power of the Smith River being utilized, and steam plants being required.

In the meantime in old Leaksville, tobacco manufacturing was the chief, or only industry, as it had been for almost a century. Auction warehouses had opened here soon after the War between the States, and the market held up well in competition with other points. As late as 1893, eight factories were making chewing tobacco here, and some of their brands were famous throughout the country.

The Danville and New River Railroad Company built its lines to Leaksville by 1884. It is now the Carolina & Northwestern, a branch of the Southern System. This ended all water transportation, as well as the hauling of freight from Reidsville and Danville by wagon with team horses, mules and oxen.

By 1906, Draper had grown to be a considerable village. The German-American Company had built a large textile mill there in the heart of what has always been called "The Meadows." In 1912, this plant and much land was acquired by Marshall Field and Company of Chicago. The blanket mill was enlarged and in 1915, an additional plant was built for

General Offices, Fieldcrest Mills, Inc., Eden, N. C.

the manufacture of sheeting. Seven mills of Spray also were acquired by Marshall Field and Company. These mills were expanded and improved and two new plants, the Bedspread Mill, and the Karastan rug mill, were built at Leaksville.

Marshall Field and Company operated this chain of mills until October 1, 1953, when the mills were repurchased by a newly formed corporation, Fieldcrest Mills, Incorporated. The new company has continued to invest heavily in modernization, from early 1954 to the present day. Today, the Fieldcrest Mills together with the Leaksville Woolen Mill, The Morehead Mill, and the Spray Cotton Mills form the economic backbone of the Eden area, employing in excess of 5,000 of its citizens, with the total employment of the Eden area in excess of 8,000.

In addition to textile manufacturing, numerous other industries have been established in recent years. Among these are Rockingham Block and Ready Mix Company, a subsidiary of Boren Clay Products; Webster Brick Company, Virginia Solite Corporation, Automation Business Systems, Inc. (formerly Litho-Web), manufacturing of continuous forms for industry; and King's Chandelier, makers of crystal chandeliers.

The Eden area is served by the Duke Power Company which constructed here its Dan River Steam Station to furnish an ample supply of electricity to the northern part of the growing Piedmont Carolinas. The first 70,000 K.W. generating unit went on the line in September, 1949, and was followed closely by the second 70,000 K.W. unit in March, 1950. A third unit of 150,000 K.W. was added in August, 1955, and additional generating capacity of 60,000 K.W. was added in 1968, making a total capacity of 350,000 K.W.

Telephone service for the Eden area is provided by the Central Telephone Company with 9,779 telephone installations. The modern dial system has a capacity for a number of additional phones as needed in the future.

The Eden area now has approximately 67 churches representing all major denominations. Many fine school buildings provide for the educational needs of the area. The county library at Eden, with a branch in the eastern section of Eden, contains thousands of volumes. Two Y.M.C.A.'s, Boys Club and boy and girl scout organizations provide wholesome programs benefitting youth. A building program will be presently under way for construction of an elaborate Y.M.C.A. plant to serve the greater area. A total of 64 civic clubs, affiliated with National organizations provide opportunities for self-development and community improvement.

The City of Eden is located in a beautiful section. The City nestles along the rivers surrounded by a rich farming section with the towering Blue Ridge Mountains in the distance. The City of Eden is truly a "Land of Eden," not only, as Byrd wrote, "A place where everything grows plentiful to supply the wants of Man," but also where beautiful textile

products are manufactured in enormous quantities to help supply the wants of man all over the globe, and with this we can truly say "that the sun never sets on a Fieldcrest product."

Out of Sight -- Out of Mind Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100 PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000 PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

CAUTION

Pay no money in advance to itinerant Directory Conveyers. We are
led to mention this from the fact that certain parties have been fraudulently
using our publications as specimens, and by that means collecting money
in advance. Before signing an order, see that it has the name of the
publisher of this City Directory printed thereon. We ask no payment until
the work is delivered, and our solicitors have strict orders not to take
advance payment for either advertising or subscriptions.

CAUTION

Pay no money in advance to itinerant Directory Commissioners. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications on specimens, and by that means collecting money in advance. Before signing on order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

CAUTION

Pay no money in advance to itinerant Directory Conversers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solokers have strict orders not to take advance payment for either advertising or subscriptions.

CAUTION

Pay no money in advance to itinerant Directory Canvasers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

CAUTION

Pay no money in advance to itinerant Directory Conversers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

CAUTION

Pay no money in advance to itinerant Directory Conveyers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

CAUTION

Pay no money in advance to itinerant Directory Conveyers. We are led to mention this from the fact that certain parties have been fraudulently using our publications on specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

CAUTION

Pay no money in advance to itinerant Directory Canvasers. We are
led to mention this from the fact that certain parties have been fraudulently
using our publications as specimens, and by that means collecting money
in advance. Before signing an order, see that it has the name of the
publisher of this City Directory printed thereon. We ask no payment until
the work is delivered, and our solicitors have strict orders not to take
advance payment for either advertising or subscriptions.

STREET and AVENUE GUIDE
INCLUDING

TELEPHONE NUMBERS, HOME OWNER SYMBOLS
and ZIP CODES

1970

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Zip Code numbers are shown immediately following each street description. If a street runs through more than one zone, the new Zip Code number is shown immediately preceding the lowest street number in the new zone.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

CAUTION

Pay no money in advance to itinerant Directory Conveyers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

CAUTION

Pay no money in advance to Hinesant Directory Conveyers. We are
led to mention this from the fact that certain parties have been fraudulently
using our publications as specimens, and by that means collecting money
in advance. Before signing an order, see that it has the name of the
publisher of this City Directory printed thereon. We ask no payment until
the work is delivered, and our solicitors have strict orders not to take
advance payment for either advertising or subscriptions.

CAUTION

Pay no money in advance to itinerant Directory Carriers. We are led to mention this from the fact that certain parties have been fraudulently using our publications or specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for **THREE HUNDRED and FIVE** days, therefore $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$.

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.
